Surathkal - 575014 Mangalore, D.K Karnataka.

INTRODUCTION

Welcome to the world of ARZ Homemade Food,

where we craft 100% natural products that you aspire to and we bring to life. **ARZ Homemade Food** is certified with ISO 22000:2018 Food Safety Management System and ISO 9001:2015 Quality Management System. Since our inception, the past years have been remarkable, marked by significant growth and favorable developments.

Our products are dedicated to transforming family nutrition, offering 100% natural and wholesome options for both babies and adults. Free from artificial additives and chemicals, our offerings are crafted from the purest ingredients nature provides. We focus on healthy growth in babies with nutrient-rich cereals and overall well-being in adults with our nutrition powders. Committed to high-quality standards and eco-friendly practices, we strive to educate people about the benefits of natural nutrition. Embracing the power of nature, **ARZ Homemade Food** aims to foster health and contribute to a bright future for families.

- ♦ **Protein Health Drink Powder**
- ♦ **Kerala Nendran Raw Banana Powder**

MULTIGRAINS & DRY FRUITS

ARZ Homemade Traditional Baby Cereal is an organic, multigrain-based food for infants aged 6 to 24 months. We offer 100% natural, additive-free nutrition. This mix includes rice, ragi, wheat, moong dal, cardamom, nutmeg, almonds, and cashews. It's rich in calcium, iron, protein, fiber, and essential minerals, with no added sugar, salt, or milk solids, providing a balanced meal for your child.

Product Benefits

- ◇ Nutrient-Rich
- ◇ High Fiber Content
- ◇ Energy Boosting
- ◇ Immune Support
- ◇ Bone Health
- ◇ Brain Development

BANANA - RICE MASOORDAL MIX

ARZ Homemade Baby Cereal is designed for infants' health and parents' busy lifestyles. We selected a traditional banana mix baby cereal. Banana powder is gluten-free, easily digestible, and rich in calcium and fiber. It's a powerhouse of protein, providing energy and aiding weight gain. Additionally, it boosts immunity, helping fight illness.

Product Benefits

- ◇ Easily Digestible
- ◇ Rich in Nutrients
- ◇ Energy Boosting
- ◇ Supports Weight Gain
- ◇ Boosts Immunity
- ◇ Promotes Healthy Digestion

RAAGI - MOONGDAL & ALMOND MIX

Ragi is a healthy, safe, and nutritious option for babies. After completion of 6 months and after introducing basic solids like fruits and vegetable purees you can start with all types of millet's, one at a time. A versatile gluten-free grain, ragi provides good amounts of zinc to aid immunity, taste, and smell; plus B vitamins (notably B6) to provide energy to cells.

Product Benefits

- ◇ Rich in Nutrients
- ◇ High in Protein
- ◇ Bone Health
- ◇ Digestive Health
- ◇ Boosts Immunity
- ◇ Energy Supply

CARROT - RICE NUTS MIX

Most moms start with single-ingredient purees, but it's time to mix things up. Our cereal combines rice with carrots and nuts, enhancing nutritional value and flavour. Carrots provide carbohydrates and vitamin A, while rice adds essential nutrients. As babies become more active, this nutritious mix supports their energy needs for crawling, standing, and walking.

Product Benefits

- ◇ Nutrient-Dense
- ◇ Supports Vision
- ◇ Energy Boost
- ◇ Bone Health
- ◇ Immune Support
- ◇ Healthy Digestion
